

AIKIDO3D is a unique, interactive, Aikido training system.

Utilizing Motion-Capture technology and real-time 3D animation, Aikido3D offers innovative, unmatched ways of exploring the Art of Aikido.

This is the 2nd generation of Aikido3D, in which we push the envelope even further with new features, better graphics, larger techniques selection, and many enhancements requested by our users all over the world.

Featuring the Aikido of **Donovan Waite**, **7th Dan Aikikai Shihan**, Aikido3D is guaranteed to enrich, improve, and empower your Aikido training journey.

Creator & Producer **Shai Golan**

Creative Director **Uri Ar**

"nage" **Donovan Waite Shihan**
"uke" **Luis Sabater**

Content Dev. **Eran Vardi & Shai Golan**

Lead Software Engineer **Ron Hashimshoni**

3D Programming **Nir Hasson, James**

Kleinecke, John Parker

Additional programming **Tzachi Slonim**
Mac Version **Kevin Hewitt**

Characters Modeling **Dana Farber**

3D Development **Marc-Andre Guindon**

3D Rigging **Omer Hoffmann**

Motion Capture **Perspective Studios**

Animation Processing **Mobility Arts**

Audio Recording **Justin Barrett**

Web Masters **Tzur Nehushtan, Shay Amir**

Special Thanks

Y. Yamada Sensei

Donovan Waite Sensei

Luis Sabater

Eran Vardi

M-A Guindon

Justin Barrett

Kim Ruschel

Yoav Caspi

Uri Ar

And our very special appreciation to **Iris & Danny Harel** for their invaluable support.

Warning: Any martial art, including Aikido, should only be practiced in a proper setting under the guidance of a professional instructor. The demonstrated movements and techniques in Aikido3D can be extremely dangerous and were performed by professional Aikido instructors for demonstration purposes only and are not intended to be a substitute for professional instruction. Attempting to perform the demonstrated techniques without a professional instructor can result in serious injury or death. We accept absolutely no responsibility or liability stemming from your use or misuse of this product.
